Speech & Drama

Speech and Drama is offered both in the classroom and as a specialised extra-mural activity in the afternoons. Drama is valuable in developing good, clear communication skills and self-confidence which are essential tools in an increasingly media driven world. The students learn to interact harmoniously with one another and work effectively as teams, promoting good social habits. These lessons allow children to express themselves creatively through movement and vocal work whilst exposing them to a broad range of literature, music, dance and art. These skills are further developed in the extra-mural programme as well as more focus on vocal production, acting, theatre, arts and story development. The self-confidence children develop through this activity is very empowering and participating in regular public performances, rewarding for student and parent alike.
