Johannesburg, also known as Jozi, Jo'burg or Egoli is, by population, the largest city in South Africa. The city is the source of a large-scale gold trade, due to its location on the mineral-rich Witwatersrand range of hills, where gold was discovered in 1886. We will point out historical buildings in the old city centre, and visit the financial and shopping hub of Sandton.

We visit:

- Nelson Mandela Bridge
- Top of Africa (50th floor of the Carlton Centre – Africa's tallest building)
- Constitution Hill – South Africa's highest court
- Sandton City Centre and Johannesburg Stock Exchange (JSE)

We point out:

- The old JSE
- Historical buildings in the city centre
- The Sports Precinct (Athletic Stadium, Ellispark Rugby Stadium, Standard Bank Swimming Centre)

Enjoy a tour of the Premier Mine, opened in 1902, where the world's biggest diamond (3106 carats) was discovered in 1905, and a 507 carats diamond in September 2009! Premier Mine has produced 255 gem diamonds of over 100 carats, and nearly a quarter of the world's gem diamonds of 400 carats and over! This is also the only outlet in the world where you can buy the Cullinan Star Cut diamond – a unique 66 facet cut. Each stone is laser inscribed - your assurance of the stone's uniqueness.

On the surface tour visitors will see the big hole, the shaft and the diamond room where a selection of uncut diamonds and replicas of world-famous diamonds are displayed. It is advisable to wear comfortable shoes as a fair amount of walking is involved.

On the underground tour, tourists are fitted with safety clothes and equipment, and then transported to the mine entrance via tram. We then go 763m underground and view the following: admin offices, workshop, rest area, refuge bay (for emergencies), loading and tipping of ore, crushing of ore and the conveyor belt transporting the ore. Back on the surface you will also visit the lookout point overlooking the big hole, the diamond cutting and polishing workshop as well as the diamond shop. This is a physically taxing tour and only recommended for someone really physically fit. No children under 16 are allowed.

The Cradle of Humankind – declared a World Heritage site in 1999 - is a 47 000-hectare area in the western part of Gauteng Province with around 40 different fossil sites where several of the world's most famous and important fossils have been discovered. We offer a half day tour to any one of the following, and a full day tour combining the first three of the following four attractions:

- Sterkfontein Caves
- Rhino & Lion Park
- Wonder Caves
- Maropeng Centre

WONDER CAVE

One of the most beautiful naturally decorated caves in South Africa. Since its discovery only 100 years ago, few people have entered the Caves and it is thus relatively well preserved and virtually untouched. The enormous cave chamber with a volume of 46 000 cubic metres is believed to be 2.2 million year old. Hourly tours are conducted on well-lit pathways where no crawling is necessary. Access to the underground cavern is by means of about 90 steps and then a lift.

STERKFontein Caves

In 1947 a well-preserved skull of a species of early man known as *Plesianthropus transvaalensis* was discovered. The skull became known as Mrs. Ples, dating back 2.5 million years. The total of over 700 hominid specimens found here has made Sterkfontein the world's richest hominid site. A section of the caves is visited on an hour long guided tour and the excavation site can be viewed. A visit to the newly built Sterkfontein Orientation Centre is also included, displaying information about significant findings, as well as general information on human and cultural evolution.

MAROPENG CENTRE

The main building at Maropeng, called the Tumulus, emulates an ancient burial mound from the front, and in stark contrast, upon exiting, a very modern iconic structure is revealed. The architecture is symbolic of the journey through the evolution of life that is represented underground in the Maropeng Visitors' Centre and the entire layout of the individual facilities across the site is based on the theme of constant discovery.

An original fossil display and a boat ride on an underground lake through the four life-giving elements that combined to form the earth and shape the world as it is known today, are offered in the Maropeng Visitors' Centre.

The De Wildt Cheetah and Wildlife Centre lies nestled in the foothills of the Magaliesberg, presenting a landscape of open African veld, many indigenous trees and a panoramic view of the north. De Wildt is renowned for its breeding success of rare and endangered species. The very rare King Cheetah was first bred here and similar success has been achieved in breeding Wild Dog, Brown Hyena, Blue Duiker, Suni Antelope and various species of vultures. The tour coincides with feeding time, so you'll be able to observe these animals feeding in a natural, but controlled, habitat. Advanced booking is recommended. No children under 6 are permitted.

The Cheetah Run: The ambassador cheetahs at the Centre are exercised three times a week as part of an enrichment programme. This entails the cheetahs chasing a high speed lure and visitors are able to witness the cheetah moving at speed. This activity offers some excellent photographic opportunities.

In the early 1900s the Magaliesberg Mountains were rich in wildlife and home to abundant herds of elephant. One hundred years later the elephants have returned to this area, to a special place in the heart of the beautiful African Bushveld. You will be hosted in small groups, by an experienced guide who will take you through an educationally orientated elephant experience. Guests are advised to wear comfortable clothing and flat, closed walking shoes... and definitely bring a camera!

Lesedi – The Place of Light - is a multi-cultural African village, an hour's drive from Pretoria and Johannesburg.

Guests are invited to the Ndebele Village where an additional welcome by all the people of Lesedi, takes place. The cultural programme begins with a multi-visual presentation on the history and origins of today's rainbow nation. This is followed by a guided tour of the four ethnic homesteads – Zulu, Basotho, Xhosa and Pedi. As the sun sets over the African bush, guests are escorted to the boma for traditional singing and dancing (you are voluntarily requested to participate in this) depicting stories that date back to the days of their ancestors. The guests are then treated to a Pan African Buffet in the Nyama Choma Restaurant with delicacies from North, East and Southern Africa.

Overnight option: Lesedi African Lodge offers 30 rooms, all with private bathrooms. A full English breakfast is served in their restaurant and, if time permits, a shopping experience of a lifetime awaits guests in the vibrant, living Ndebele craft market and curio shop with its decorative walls and courtyards.
