

28 April, 2020

Dear Prospective Partner

REF: COVID-19 EMERGENCY FOOD DONATION APPEAL

We hope to find you well and in good health.

We take pleasure in introducing **Food Sourcing Foundation** to you. **Food Sourcing Foundation** is a registered Non Profit Organisation in the Republic of South Africa (**NPC Reg. No. 2020/054654/08**) and Non Profit Organisation (NPO) Reg. No. (**244-903 NPO**) founded as a direct service organization providing food to the homeless and underprivileged men, women and children. We serve free meals and also food that we hand out free to those in need. We believe that sufficient and nutritious food is a fundamental right in a civilized society. Since our inception we have worked very hard to ensure that our goals are realized.

Due to the COVID 19 pandemic and associated lockdowns to curb its spread, many vulnerable members of our communities are at great risk of hunger. Most of them currently are not getting enough to eat, some eat one meal a day or less and a great number do not have anything to eat for the past weeks since the beginning of the national lockdown.

In order to enable us to meet the overwhelming demand for food assistance and be in a position to meet the greatest need of the moment-**FOOD**, we are therefore reaching out to you for your kind donation. Your donation will feed and bring hope to over half a million vulnerable men, women and children. It will go a long way to protect the most vulnerable and underprivileged population from the devastating impact of COVID 19.

To make donation arrangements contact our Programmes Team on: **+27 81 396 7386 / +27 68 547 0157 / +27 61 821 6812** or Email: donations@foodsourcingfoundation.org. We have been issued an Essential Service Business Certificate; therefore we are working flat out to ensure that everyone who needs food gets the proper help.

On behalf of **Food Sourcing Foundation**, we thank you in advance for being a part of this important work. Stay safe.

Sincerely,

Lindokuhle Vusumuzi Manatha
