that excites

NISSAN NV350 IMPENDULO

RETURN OF A LEGEND

The Nissan E20 was introduced in 1973 and today carries a strong sense of nostalgia, remembered as one of the most legendary products of its time. The Nissan E20 was the great symbol of the Golden City on the move. From Noord Street to Meadowlands, from Isando to Mamelodi, fleets of these tough and reliable vehicles streamed the highways and bi-ways and even went as far as the most inhospitable rural areas. The same was true in Durban, Cape Town, Port Elizabeth and other high density centres. The Nissan E20 had over several years established itself as the Chief Taxi of South Africa.

NISSAN NV350 IMPENDULO

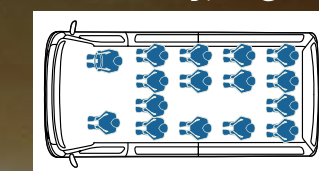

Interior

Cab light

There is a "Cab light" that is situated towards the back on the roof above the second last row of seats. The light switch is controlled by the driver and the light can be switched on for better vision for the passengers when getting in or out of the vehicle, at night, if required.

Wide Body, High Roof

Nissan Dealer Network

As one of the leading brands in South Africa, Nissan has an extensive national dealer network, meaning that wherever your business is based, there is a nearby dealer to attend to your every vehicle need. Whether new vehicle sales, servicing, maintenance and beyond, your Nissan dealer network is there to support your business needs.

With exceptional fuel economy, a spacious and comfortable passenger area, dynamic bold styling and safety mean the Nissan NV350 Impendulo is the destination of choice for taxi operators who demand the best, both for their business and for their customers.

Turns heads as well as it does a profit

The bold, dynamic looks of the Nissan NV350 Impendulo, with its angled strut grille, create a powerful presence that shows you mean business. Inside, the generously sized driver's cabin is designed to be comfortable, appealing and, above all, functional. A multifunctional instrument display is positioned centrally for increased visibility of the gauges and indicators.

Large, thoughtfully designed storage pockets and drink holders complete the practicality of the driver's cabin, offering an attractive and functional workplace for any driver.

16 reasons to enjoy the trip

Designed to carry 15 passengers and a driver in comfort, the Nissan NV350 Impendulo offers comfortable passenger seats with an easy-fold aisle seat to make entry and exit effortless, as does the large sliding door which opens high and wide. Convenience and comfort is enhanced with stylish side windows and back rests.

With more space and legroom for passengers wherever they sit, every trip is a pleasure.

Exceptional fuel efficiency

A fuel-injected 2.5 litre petrol engine ensures the Nissan NV350 Impendulo offers incredible economy along with the power to get the job done. Together with its 5-speed manual transmission, smooth and responsive acceleration from start to cruising speed ensures you deliver your customers to their destinations efficiently and reliably every time.

Delivering on protection

The Nissan NV350 Impendulo's ultra rigid body provides strength and stability in all conditions. Safety is maximised with ABS, Brake Assist, driver and passenger airbags as well as a Zone Body Structure that consists of safety and crushable zones. Getting your customers from A to B – and back again – safely and reliably every time.

Nissan's commitment to the environment: Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the NISSAN GREEN PROGRAM aims to reduce the environmental impact of NISSAN vehicles at every stage of the vehicle's life cycle, while corporate activities address environmental challenges.

NISSAN NV350 2.5 IMPENDULO TECHNICAL SPECIFICATION
