

## **Instructions to travel from Mozambique to South Africa**

### **Mozambique - Check point**

The first place you will stop on your return is the check point at the beginning of the border. Here you will receive a gate pass and might be subject to search by Border Police, Agriculture and Health. Continue to the parking area.

### **Mozambique Customs**

In the Customs and Immigration building declare all the goods in your vehicles and hand in the customs documents at the customs counter, then proceed to the Immigration counters.

### **Mozambique Immigration**

Immigration will validate and process the travelling document and stamp both the passport and the gate pass. Please collect your processed passport / travel document and the gate pass and proceed to your car.

### **Mozambique Border Police and Customs Check point**

Proceed in your car to the South African Border post. You might still be subject to a search by the police and customs before you leave Mozambique. Hand in the gate pass at the last Mozambique check point.

### **South Africa - SAPS, Custom; Immigration**

As you approach the South African border you must collect a gate pass and you might still be subject to a search by SAPS, Customs and Immigration but this is unlikely. Proceed to Immigration.

### **South Africa – Immigration counters**

Immigration will validate and process the travelling document and stamp both the passport and the gate pass. Please collect your processed passport / travel document and the gate pass and proceed to Customs at the opposite end of the room.

### **South African - Customs**

Declare all goods in your vehicles. Goods and gifts purchased in Mozambique are subject to the payment of customs duties and taxes. Hand in your customs documents at the customs counters. Collect your processed documents and gate pass and return to your car.

### **South Africa – SAPS, Customs, DHA, DOH and DAFF**

You might now be subject to a search by all the departments at the last check point. Hand in the gate pass and enter South Africa.
