

# CREATIVECOPPER NEWSLETTER FOR NOVEMBER 2015.

*SINCE 1988*

Dear All,

Well the heat wave experienced earlier has lost its steam; we have had a little precipitation which so far is way below the average? We are really concerned about the effect the El Nino weather system is going to have on our water supplies. The weather map of South Africa shows all the extremes in one country!

Our brand new catalogue has been received very well and there are many great compliments coming in for both Inge and the brand. There is great excitement with the new Black Mamba range as well as the employees' designs. Please let us know whether you have not received your digital copy yet.

The BIG news from South Africa is the changes made to the immigration requirements. These have been reversed after severely damaging the tourist industry which is the one we rely heavily on to survive. Too late to save the many jobs for the Christmas break as the damage will take months to repair. How small minded can governments be on the economical health of a country and especially ours, which is regarded as a far distant destination.

My plea to get Christmas orders in quickly, was responded on very quickly by Gerry in Dubai and Renee in the USA. Thanks so much for your continued support and love of our brand and helping us get out your orders in time not to disappoint.

We have been returned a large consignment of "DREAM BELIEVE ACHIEVE" bangles which will now go on SALE for R25.00 each while stocks last. The 1<sup>st</sup> 100 are on their way to the USA and the balance will go to 1<sup>st</sup> come basis and this price will regrettably never be repeated!

**Now for our year end closure details: Our order books will shut on the 20<sup>th</sup> of November for both Jewellery as well as the other Collections. Late orders will be dealt with without the guarantee that we can complete them in the limited time. This year our last orders will leave us on the 10<sup>th</sup> of December and we will reopen for business on the 11<sup>th</sup> of January.**

Nelson Mandela said: "Sport has the power to inspire, the power to unite people in a way that little else does. It is more powerful than governments in breaking down racial barriers. It laughs in the face of all types of discrimination. Sport is the game of lovers." Tonight we witness the final of the rugby world cup and today 2 big football clubs will clash in

SA and whatever the result they will bring joy , excitement , anxiety and friends together all in the matter of a few hours! Enjoy all sports they are wonderful for the soul.
