

CREATIVECOPPER NEWSLETTER FOR OCTOBER 2016. *SINCE 1988*

Dear All,

Another mixed weather month with both high and low temperatures, that regrettably take its toll on those with the least resistance both young and old. No rain in sight and hoping that the October rains actually do arrive on time, which is usually mid month.

Our 2016 Supplement has been launched with great excitement from all over the world. Inge did a great job and our employees made some beautiful designs for which we are very proud of. If we have failed to send you a copy please refer to our website : www.creativecopper.co.za and all the catalogues are now visible with a thumbnail and they open easily for your convenience. The drop box has been discontinued.

Last month I referred to : **BREAKING NEWS** ! Watch this space! The space must still be watched as I am waiting to break the news:

Also last month we featured on a Television Show called “**DEAF TV**” It showed the heart and soul of the company and the film team --- all deaf - were amazing to work with. If you missed the show you can find it on Youtube and the link is:

https://youtu.be/kpFU_YIQWxA

We have survived the winter and now look straight ahead at the hectic Christmas period which is now barely 2.5 months away! This year has had its challenges, but we are assured that no matter how long the night is, the day is sure to come. (African Proverb) And we wish the sun to shine on all of you.

We have a major crisis in SA with rioting University Students, who are hell bent on what the Freedom Charter promised them in 1994. That free education was a possibility? 22 years down the line and no leadership, we are back where we were a year ago with “**FEES MUST FALL**” campaign on every campus. Stones are thrown, buildings burnt and cars overturned, absolute chaos!

A journalist's paradise ? Strangely we have top Universities with top academics and no solution. You tell me what you think?

With a little more than 2 months to go before we close for our annual shutdown, we need to get your Christmas orders in very quickly not to disappoint you. Orders will close on and around the 25th of November and we will close on the 15th of December to reopen on the 11th of January 2017.

For the record, the beautiful turquoise stone range is from artificial stone and not real stone. They do look stunning to say the least.

Again we were blessed with visitors from abroad:

Georf Bremner from Germany

Susanne Steyn from Hong Kong

Tom & Carol Garback from Oregon USA

Thank you for your support,

MIKE
