R34 999 **Save R8 000**

Product Description

Carefully handcrafted, seriously laidback. An elevated take on an all-day-everyday leather couch, the Rosco's design is timeless and approachable, with contemporary touches to give it a relaxed feel. Back and seat cushions are less filled to keep the comfort level high and give it a soft, sink-right-in quality. Leaning into the casual aesthetic, the arms are low and wide, and back cushions also have a small gap between them.
