

## Mission Statement

The Khula team exists of 11 women with a passion to see a whole community change by intervening into the lives of the poor and abused woman and children in Paarl ! We believe in building God's kingdom and not a ministry. In the past year God has expanded our dream in such a way we can just stand in awe of God's work.

ALL THE GLORY TO GOD!

## Partnerships

- Hospice/Butterfly House
- Private Business Men/Women
- Boland College Educare- and Hospitality Students.
- Every Nation Church's Campus Ministry

We thank each and every Partner! The work of God would not have been possible without you!

???

Silver and gold I do not have,  
but what I do have I give to you,  
In the name of Jesus Christ of  
Nazareth, rise up and walk.

Acts 3:6

# THE LATEST NEWS...

## Two Students of Boland College

Roeloff van der Walt and Saligh da Silva entered the Marketing Student of the year competition and chose Khula Development Group as their NPO they wanted to represent.

They ended up in 3rd place. We are so proud of them!

The Hospitality Students of Boland College, with Every Nation's Campus Ministry Leader, Allister Golding, helping to provide food for the children who are staying at school until 16:00! They are serving these children with not only food, but with God's love!

They are such a blessing and are an essential part of God's Body!

## WOMEN'S MINISTRY...

We meet weekly with women of Paarl-East to minister to them the love of Father God. We help to build their self-esteem and sense of worthiness so that they can go out into their circumstances and joyfully take up their role as primary caretakers with Christ in them!

## DANNY AND THE YOUTH...

Danny is continuously building up the youth's

morals and values at Butterfly House. They are also provided with hygienic help and play time! Soccer is also used as a tool to give them a purpose, together with ministering time! We want to help them to form their identity in Christ and not on the streets. They are being empowered and loved by Danny and his team!

## Herman Grobler

has a doctor's

degree in play therapy and is a senior lecturer and researcher at the Centre for children-, youth and family studies in Wellington. After doing a study of the primary needs of these women as primary caretakers, he partnered with Khula in 2011. He is currently working with grandmothers helping them with their identity and role in the community. He is now focussing on the dynamics of their relationship with their grandchildren who are living with them!

We are working with children who dropped out of school and spent their time on the street. Praise God that in 2012 we were able to put 8 of these children back into school. We motivate them and empower them by meeting with them weekly and helping them with school work at Butterfly House!
