### **Akasia KLG – History.**

The school was established in 1983, and was known as Japsnoet Kleuterskool, in 1989, Mr. Eddie Botha took over as Principal. The school's name was changed to Akasia Kinderlandgoed, which means an 'estate' for children, his vision was to create a special place just for children where they can develop to their full potential in a safe and uncomplicated environment.

In 1991 the school moved to the current premises, as the current Rustenburg highway was planned and building the highway started. The school buildings were situated in the path of the new road and a move had to be made.

In 1992 Theresapark Kleuterskool and Akasia Kinderlandgoed merged to create Akasia KLG and Ms. Chrissie Botha joint the school as Principal of Education, and Mr. Botha stayed on as principal of Admin and the Aftercare.

Eddie Botha passed away in December 2008, his son Carel Botha took over as Principal of Education and Chrissie Botha took over as Principal of Admin.

Akasia KLG went from strength to strength and today it is one of the oldest and largest existing pre-schools in Tshwane.

### **Staff.**

- ☺ We have 29 staff members, consisting of Teachers, Teaching assistants, Assistants, Cook, Cleaners, Gardeners, Swimming instructors and Security.
- ☺ In Jan., we will give you a complete list, to inform you which staff members are responsible for your child's care.

### **Swearing / fighting / fighting games.**

- ☺ Your child will meet other children, who will come from different backgrounds and cultures their upbringing and values will differ from, child to child.
- ☺ Our children grow up in a violent society, and although we try to screen them from this, they do pick up conversations and from time to time see things that they are not supposed to see.
- ☺ Children do 'fight' verbally and sometimes physically, some children will swear and use bad language, children will bite and be 'nasty' to friends. We cannot place our children in 'glass houses' to protect them, but we can teach our children what is right and what is wrong, and the school can engage the culprits and their parents, and in that way, alter their behaviour. Please stay calm in such situation, teach your child that it is wrong and discipline him/ her if they duplicate this bad behaviour. Inform the principal so that he can act.

☺ No 'fighting' games like, wrestling, boxing, karate etc. will be allowed, children see this on television and think it is acceptable to copy their heroes, please explain the real-life dangers to them.

☺ Always remember every case have three side: My side, your side and the truth. Please always stay calm and allow us to get to the bottom of a problem.
