REDAKTEURS
NOTA

Liewe maats,

Voorspoedige nuwe jaar als wat mooi is vir 2023.

Welkom aan ons pragtige ambassadeurs Dyne, Meagan, Taygan en Carin ek is opgewonde oor die nuwe jaar. Ondersteun ons ambassadeurs in die projekte wat ons as 'n span aanpak.

Ons is hard besig met nuwe dinge en glo dat julle dit ook gaan geniet saam met ons.

Dit is nuwe skool jaar miskien is dit jou eerste of laaste skool jaar hoe dit ook al sy geniet dit en maak die beste daarvan.

Vra ma of pa om die tydskrif vir jou af te laai by www.topvibe.co.za of gaan na ons Facebook blad. Facebook: <https://www.facebook.com/vibekids.britz>

Pas julle mooi op tot volgende maand. Liefde

Charms

Goeie dag Maats,

Wow, ek het weer die voorreg gekry om 2023 saam julle op Top Vibe Kids te kan wees ons gaan lekker pret hê.

Kan julle glo 2023 is op ons, nuwe jaar, nuwe herinneringe om te maak, nuwe begin. Ek moet sê ek het 'n besige Desember gehad.

Ek het die voorreg gehad om by EGA Summer Championships te swem en het al my tye op al my events verbeter. Ek het my Gr 7 jaar afgesluit met 'n goeie rapport en is bevorder na Gr 8.

Hoërskool hier kom ek. Ek sien uit na die nuwe fase in my lewe dink dit is tyd om nuwe maats te maak en my fokus sterk op my skoolwerk en swem te sit, nie altyd maklik om gefokus te bly nie maar ek het die beste ondersteuning by die huis.

Maats, julle moet die lang Januarie geniet, bly gefokus, wees veilig en ons gesels binne kort weer. Ek gaan paar lekker interressante goedjies in die jaar met julle deel.

Tot volgende keer

Dyne 😊

Liewe Top Vibe Maats,

Ek is baie dankbaar vir die vakansie wat ons gehad het. My uitslae is uit en dit was die harde werk die moeite werd.

Ek is baie opgewonde oor 2023 en kan nie wag vir die jaar om te begin nie.

My wens vir elkeen is soos volg

May jy 'n wonderlike skooljaar geniet.

Hard leer maar dit nog steeds geniet

Ek is net so opgewonde oor ons projekte vir die jaar.

Graag nooi ek vriende en familie om my te ondersteun.

Liefde

Meagen

Liewe vriende

My naam is Taygan Joshua Botha ek is 13 jaar oud. Ek dra die title as Mr Teen Emissary van Central South- African pageant 2022.

Ek hou daar van om behulpsaam te wees en help graag waar ek kan. Ek is passievol oor diere en om diere te help, daarom wil ek studeer om 'n veearts te word.

Ek geniet visvang, golf en om tyd in die natuur deur te bring.

Ek is opgewonde om vanjaar 'n ambassadeur te wees vir Top Vibe Kids Magazine.

Ek wil julle graag als wat mooi is toewens vir 2023.

Liefde

Taygan

Goeie dag Maats

My naam is Carin en ek het die voorreg gekry om baie lekker en interressante feite, spelletjies en resepte met julle te deel vir 2023. Ek is ook die events ambassadeur vir Media House.

Ek hoop dat julle die "journey" saam my sal geniet en dat julle iets saam my sal leer. Ons het so baie om na uit te sien in die nuwe jaar, soveel om dankbaar te wees.

Dinge gebeur nie altyd soos ons dit wil hê nie, maar as jy gefokus bly en op die regte pad sal jy "okay" wees.

Binne kort kan jy daai spesiale mensie in jou lewe bederf met 'n mooi briefie of boksie lekkers of net daai ekstra drukkies want Valentynsdag is om die draai. Maats, julle moet julle nuwe skool jaar geniet en as jy nie iets verstaan nie, vra want daar is nie so iets soos 'n "Stupid" vraag nie. Kyk mooi na julle self ons gesels binne kort weer.

Liefde
Carin

Fun facts about the clouds!

Did you know?

The word "cloud" comes from the old English words "clud" or "clod" meaning lump of land or lump of rock, which in the 13th century was extended to apply to the lumps of water in the sky. ... Thunderstorm clouds can be green and no one knows why. ... Extraterrestrial clouds are rarely made of H₂O. ... They're heavy..

What 3 things are clouds made of?

The Short Answer: Clouds are created when water vapor, an invisible gas, turns into liquid water droplets. These water droplets form on tiny particles, like dust, that are floating in the air.

What is special about clouds?

Facts about special clouds:

Every planet with an atmosphere has clouds. That includes the moon. Clouds reflect the sun's light, which causes them to appear white. Cumulonimbus cloud, or in English, Stormcloud, is what's making your flight run late.

What are 3 facts about stratus clouds?

Stratus clouds tend to be featureless, low altitude clouds that cover the sky in a blanket of white or grey.
Height of base: 0 - 1,200 ft.
Shape: layered.
Latin: stratus - flattened or spread out.
Precipitation: light.

What is the most interesting cloud?

Cumulonimbus

They're by far the most interesting – and dangerous – cloud that you can see.

Can you touch clouds?

Image result
Unfortunately, it does not feel like cotton balls or cotton candy, but most people have technically touched a cloud before. If you wanted to touch an airborne cloud, the best way to do this is either skydiving or in a hot air balloon, though I would not want to be stuck in a cloud while in a hot air balloon

Is a cloud liquid or gas?

Clouds appear when there is too much water vapour for the air to hold. The water vapour (gas) then condenses to form tiny water droplets (liquid), and it is the water that makes the cloud visible. These droplets are so small that they stay suspended in the air.

Who invented clouds?

Luke Howard
In December 1802, Luke Howard delivered a lecture that was to be a defining point in natural history and meteorology. He named the clouds, classifying them in terms that remain familiar to this day: cirrus, stratus, cumulus, and nimbus.

What are 3 facts about cumulus clouds?

Cumulus clouds
Height of base: 1,200 - 6,500 ft.
Shape: cauliflower or fluffy.
Latin: cumulus - heap.
Precipitation: occasional rain or snow showers

What are storm clouds called?

Cumulonimbus clouds
What are cumulonimbus clouds?
Cumulonimbus clouds are menacing looking multi-level clouds, extending high into the sky in towers or plumes. More commonly known as thunderclouds, cumulonimbus is the only cloud type that can produce hail, thunder and lightning.

Can a cloud crash a plane?

Numerous accidents have occurred in the vicinity of thunderstorms due to the density of clouds. It is often said that the turbulence can be extreme enough inside a cumulonimbus to tear an aircraft into pieces, and even strong enough to hold a skydiver. However, this kind of accident is relatively rare.

Why are clouds white?

Clouds are white because light from the Sun is white. As light passes through a cloud, it interacts with the water droplets, which are much bigger than the atmospheric particles that exist in the sky

What clouds do for us?

Clouds are an essential part of the Earth's climate. Clouds block the sun and shade the ground, cooling the planet's surface and the atmosphere. They also trap heat and humidity in the atmosphere, which warms the air.

Why are clouds so fluffy?

The fluffy appearance of the tops of some clouds are evidence of convection, when buoyant air parcels within the cloud literally bubble to the top. As the air rises, it encounters environments with lower and lower pressure and cools by expansion. This cooling increases the relative humidity of the air

Facts about Zebras

What are 5 interesting facts about zebras?

Image result for fun facts about a zebra

Put your feet up and get ready to learn some incredible facts about zebras.

They are classified as Endangered. ...

They can run up to 65km per hour. ...

The Grévy's zebra was named after a former King. ...

Zebras stripes are unique like fingerprints. ...

Their stripes help camouflage them. ...

New-born foals can stand after six minutes

What is so unique about zebras?

Their stripes perhaps serve to dazzle and confuse predators and biting insects, or to control the animal's body heat. Because each individual's stripes are unique, their stripes may also have a social purpose, helping zebras to recognise one other.

Can zebras see color?

Zebras have excellent eyesight, being able to see well during the day and at night, while wildebeest, which have poor eyesight, have a good sense of hearing and smell. Scientists believe that zebra may even be able to see in colour.

Why do zebras nod their heads?

Zebras are often seen nodding their heads and curling their lips and this is most probably due to parasitism by a type of fly called a "botfly". Dependent upon the species, these flies lay eggs around the nasal or their oral cavities or around the eyes

Back to school 2023

How do I motivate my child to prepare for school?

And there are a number of things parents can do to help motivate kids to try harder.

Get involved. ...

Use reinforcement. ...

Reward effort rather than outcome.

...

Help them see the big picture. ...

Let them make mistakes. ...

Get outside help. ...

Make the teacher your ally. ...

Get support for yourself.

How do I prepare my child for learning?

Let your child hear and see plenty of new words in books, on TV or in general conversation, and talk about what the words mean. Make sure your child has time for free, unstructured play. Help your child discover what they're good at by encouraging your child to try plenty of different activities

What are the things you do before going to school?

Image result for how to prepare your child for school

The Top 14 Things to Do Before You Go Back to School
