## My Druppel Ink

Ons lewens rol soos 'n Tolbos in sterk wind, vinnig sonder stop of beheer. Geen "GPS" of "Google Maps" want ons gaan volgens SY WIL. Soms wens ons ons lewens om. Kan nie wag vir 'n Vrydag, of vakansie of deesdae tot die krag aangaan.

Die eerste tri-mester van 2023 is verby, **GONE WITH THE WIND....**

Kom ons roep halt vir 'n oomblik en dink aan ons hartsmense wie een oomblik met ons was en 'n volgende sal ons nooit weer 'n boodskappie of hallo van kry nie. Ons besef nie hoe elke omgee persoon 'n deeltjie van ons bestaan volstaan nie.

Laat ons mekaar waardeer en besef dat wanneer ons totsiens sê vir iemand ons nie 'n waarborg het dat ons mekaar weer sal sien nie, 'n kompliment gee, 'n sagte glimlag of net 'n spontane opregte hallo nie.

Gee dus die blomme nou terwyl daardie persoon dit kan waardeer. Wees nou beskikbaar al is dit vir 'n minuut, voordat jy nie weer daardie kans gegun word nie. Vind uit of 'n persoon REGTIG "ok" is want die wie die seerste het dra soms ook die grootste glimlag en mooiste masker. Is vrolik en soms laf net om 'n diepe seer weg te steek vir die wêreld.

Wees daar en beskikbaar.

**Liefde Fredricka**

## **Hallo julle**

Paasnaweek het gekom en gegaan die blaas kan was heerlik.

Hier is so iets wat ek met julle wil deel. Versorgings wenke vir die werkende mammas

Top-versorgingswenke vir werkende mammas 🌸

## Prioritiseer Selfsorg

Maak tyd vir aktiwiteite wat jou help om te herlaai en goed te voel, soos oefening, meditasie, of maak asof jy op 'n strand is met 'n goeie boek (selfs al is jy eintlik in die badkamer met 'n stapel vuil wasgoed).

## Kry genoeg slaap

Om genoeg slaap te kry is noodsaaklik vir algemene gesondheid. Dit help om fokus te verbeter, immuniteit te versterk en emosies te reguleer. Gebrek aan slaap kan lei tot moegheid, prikkelbaarheid en verminderde produktiwiteit. Mik na 7-9 uur slaap elke nag vir optimale gesondheid.

## Eet 'n gebalanseerde dieet

Met 'n gebalanseerde dieet verskaf jy noodsaaklike voedingstowwe vir fisiese en geestelike gesondheid vir jou liggaam. Dit verhoog energievlake en verminder die risiko van chroniese siektes. Eet 'n verskeidenheid gesonde kosse vir optimale voeding.

## Top-versorgingswenke vir werkende mammas

### 1. Prioritiseer Selfsorg

Maak tyd vir aktiwiteite wat jou help om te herlaai en goed te voel, soos oefening, meditasie, of maak asof jy op 'n strand is met 'n goeie boek (selfs al is jy eintlik in die badkamer met 'n stapel vuil wasgoed).

### 4. Delegeer en vra vir hulp

Moenie probeer om alles alleen te doen nie. Vra vir hulp van jou maat, familie of vriende, en deleger taake waar moontlik, tensy dit 'n baie belangrike taak is soos om die melk in die yskas weg te sit.

### 5. Beheer stres

Vind gesonde maniere om stres te bestuur, soos diep asemhaling, yoga, of praat met 'n betroubare vriend of terapeut, of as dit misluk, drink wyn .. die rooi een!

### 6. Skeduleer jou tyd

Definieer en kommunikeer jou werk en persoonlike tyd duidelik om verwagtinge te bestuur as diegene wat jou tyd wil hê.

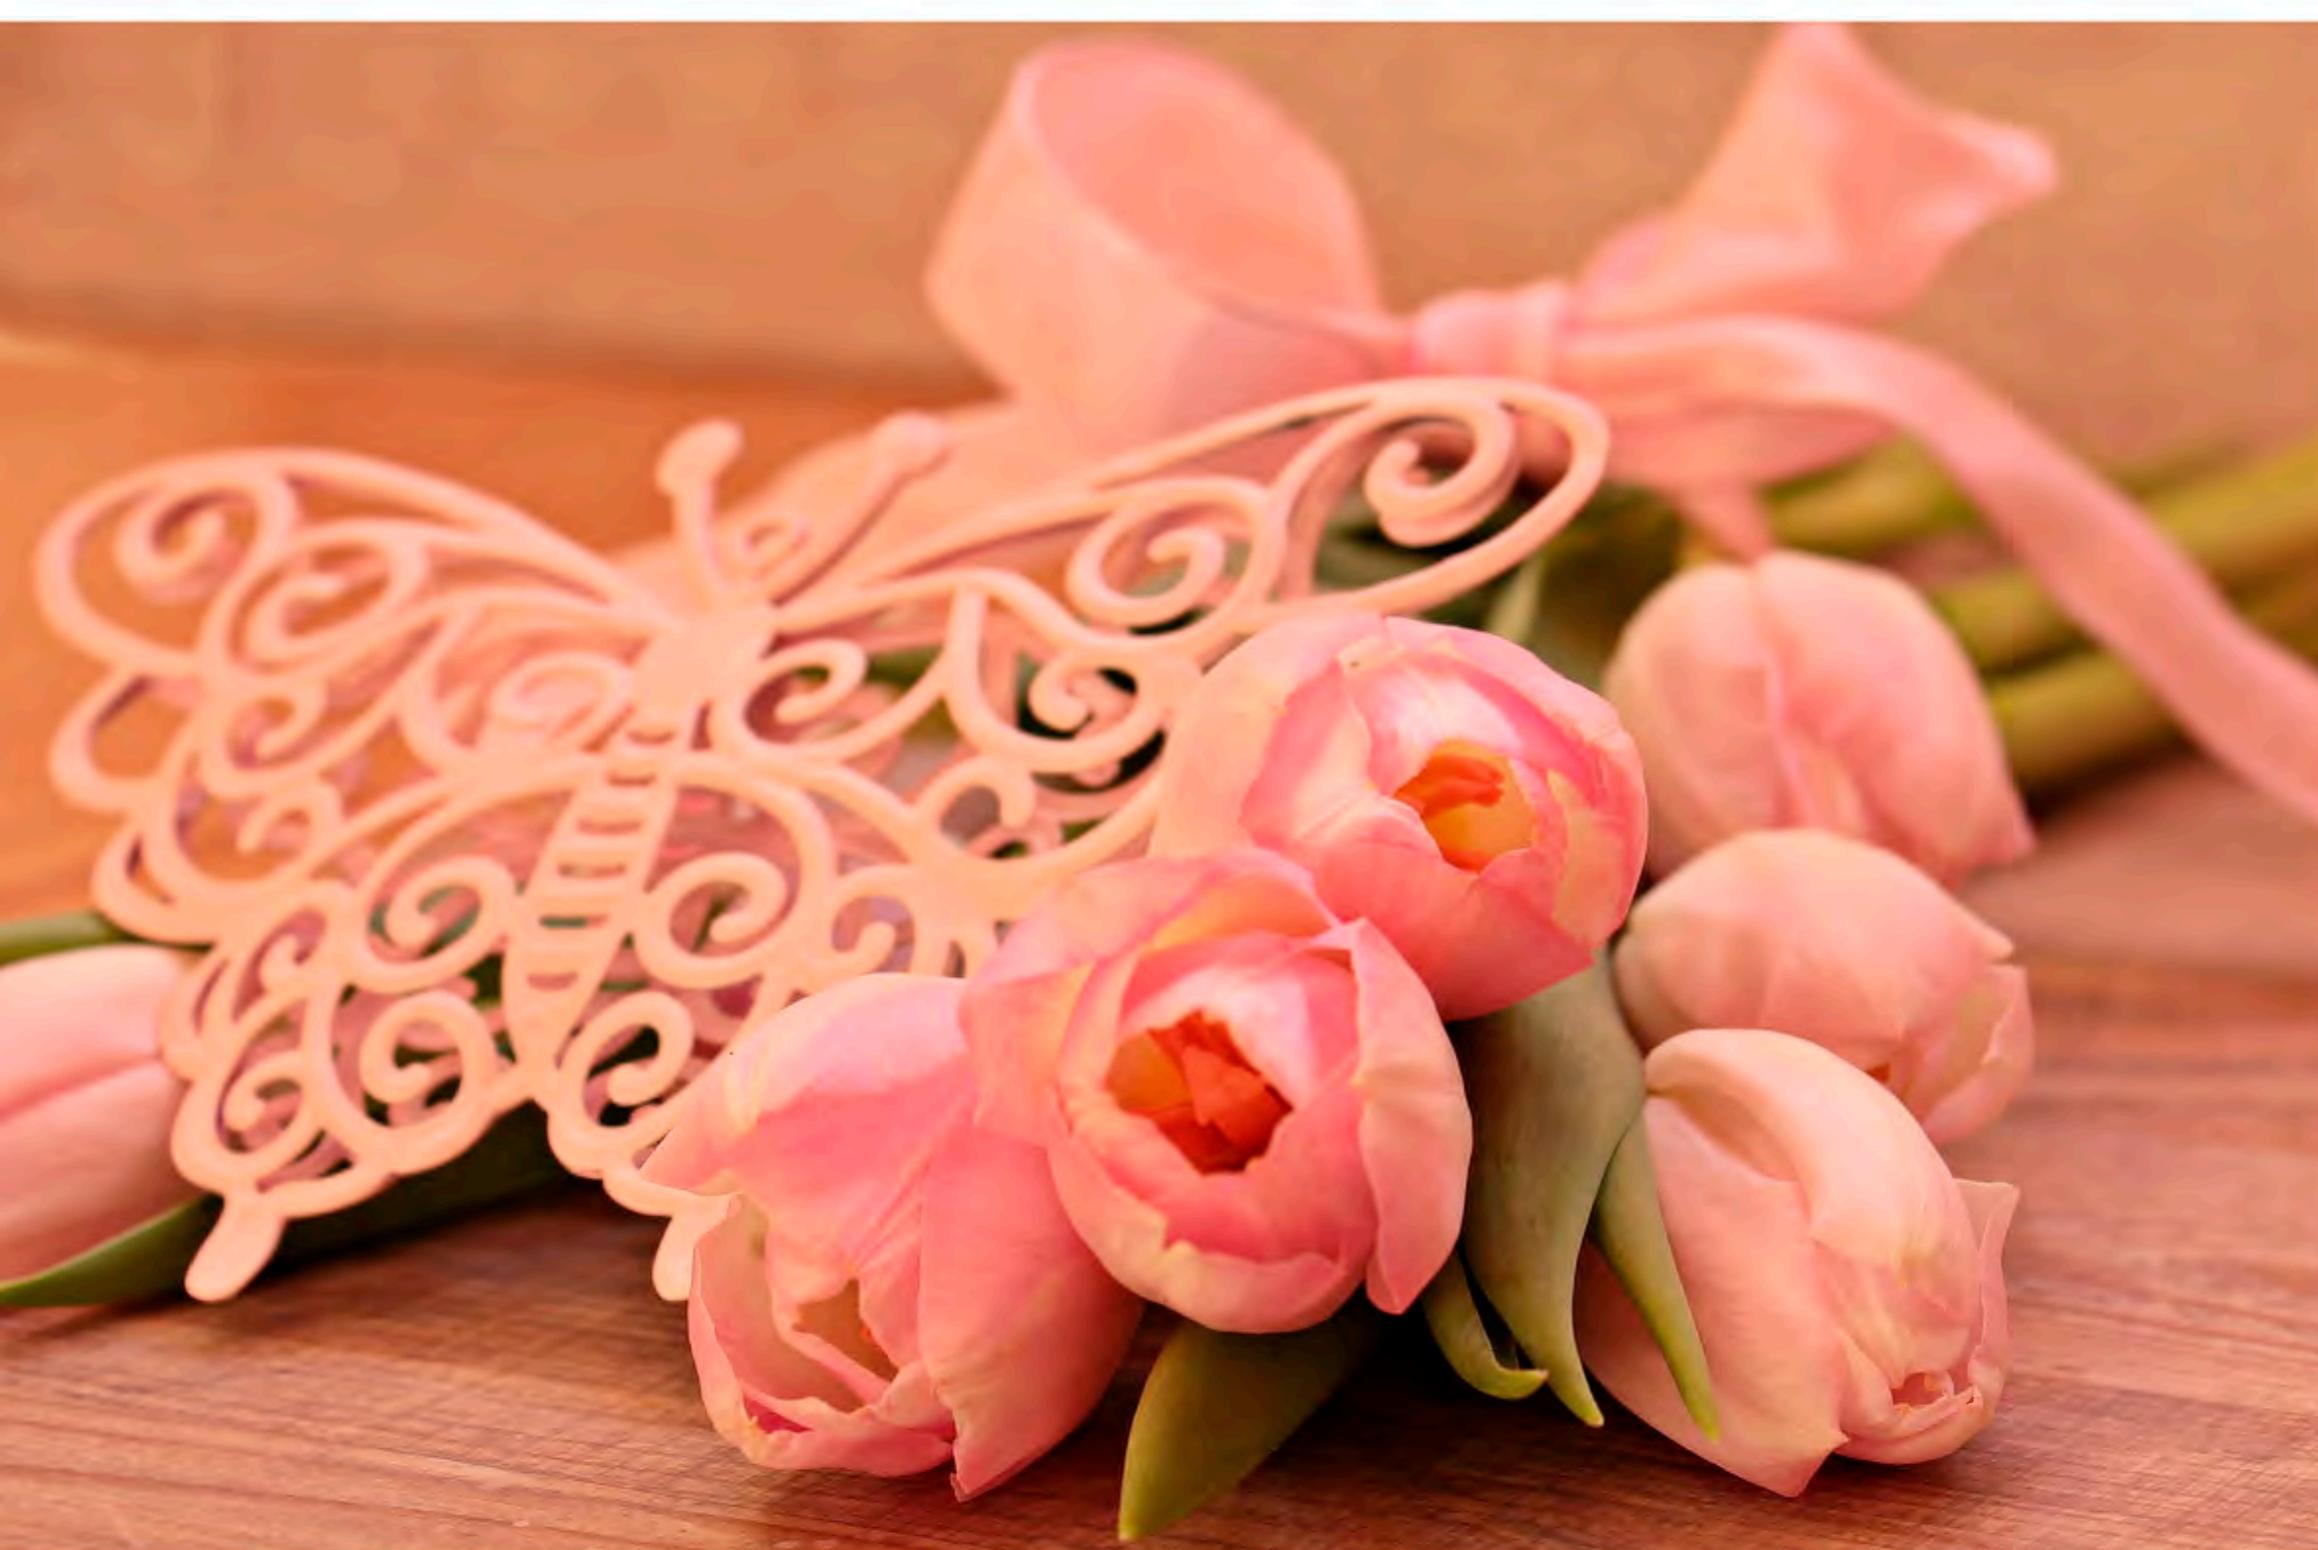

### 7. Bly verbind

Sterk vriendskappe is 'n noodsaaklike deel van 'n vervullende en gelukkige lewe.

Maak tyd vir verhoudings met vriende, familie en vennote om 'n sterk ondersteuningstelsel te handhaaf, want kom ons erken dit, soms het jy iemand nodig om mee te lag, saam te huil en tequila te drink (nie noodwendig in daardie volgorde nie)

# Mother's Day 14 May 2023

Medals for Mother's.

Yes each Mother should get a  
medal,

Dreamed mama walked up  
those heavenly stairs  
and medals for mothers  
were given up there  
They mentioned the million  
things

Mom did for me  
Things I took for granted  
and never could see.  
If there's medals for mothers  
for all of the deeds they have  
done

If there's medals for mothers  
Mama you'll win everyone.

A medal of honor  
was pinned on her there  
A medal for patience  
and kind loving care.

A medal for duty  
She won up above  
but the biggest of all  
was the one for her love.

If there's medals for mothers  
for all of the deeds they have  
done

If there's medals for mothers  
Mama you'll win everyone.  
Yes, Mama you'll win everyone...

To my MOM in heaven.....

# What to pack when going to hospital!

## Things to Pack for Senior Comfort

Hospitals provide gowns and toiletries, but they generally invite patients to bring their own pajamas, bathrobe, cardigan sweater, non-slip socks or slippers, comb, brush, lotions, toothbrush and toothpaste, and lip balm. However, avoid perfumes and any highly-scented products.

Hospitals often encourage patients and their families to bring other items to help make a hospital stay more pleasant or comfortable.

Hospitals provide gowns and toiletries, but they generally invite patients to bring their own pajamas, bathrobe, cardigan sweater, non-slip socks or slippers, comb, brush, lotions, toothbrush and toothpaste, and lip balm. However, avoid perfumes and any highly-scented products. Keep in mind that short sleeves are best to accommodate intravenous lines.

Check ahead of time to find out what the hospital will allow. This information often can be found on the hospital's Web site.

Protective containers for holding eyeglasses or dentures when not in use

Books, magazines, crossword puzzles to help pass the time

Paper and pen for jotting down notes and questions—to help you remember to ask doctors or nurses when they are in the room

A small amount of money for newspapers and magazines and other items from the gift shop or vending machines.

Photos or small personal items. However, keep in mind that space is limited.

Clothing to wear home at discharge.

Hospitals cannot be responsible for patients' personal belongings. Generally they recommend against bringing valuables. Specific things to leave off the packing list:

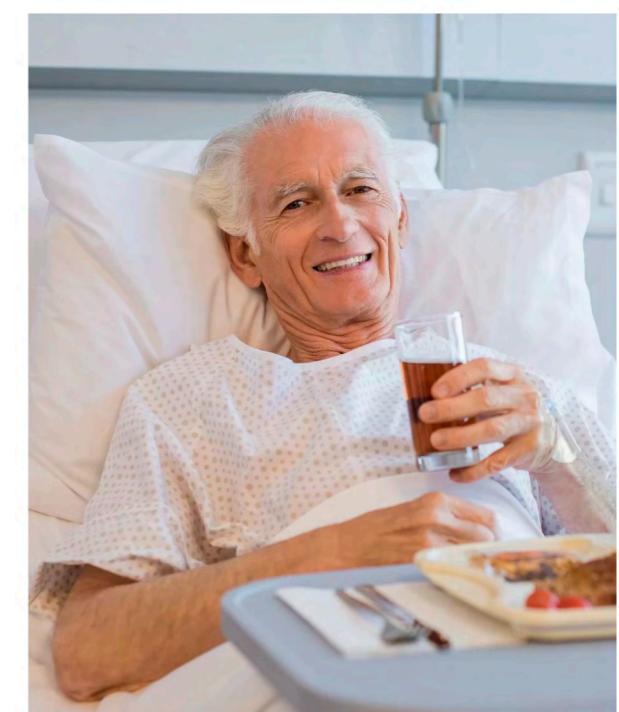

Cell phones. In most cases, these are not permitted in patient care areas as they can interfere with heart monitors and other patient monitoring equipment

Tobacco products, because smoking is prohibited in health care facilities

Credit cards, checkbooks, large amounts of cash, jewelry, high-end portable

music players and other valuables, as they can easily be stolen amidst the activity of a hospital patient care unit.

Before bringing any type of electronic items, check the hospital's policy. Items that need to be plugged in generally are forbidden as their wiring does not meet hospital-grade standards. If you or a loved one does bring a portable electronic device, make sure it is in the care of a friend or loved one while the patient is sleeping or out of the room.

# Client...

CLIENT - How much will it cost to do this job?

ME - R2 800

CLIENT - That's too expensive for this job!

ME - How much you think it should cost?

CLIENT - R800 max! It's a simple job!

ME - I can't do the job for so little.

CLIENT - People in your line of work want to make a huge profit!

ME - I'm sorry you feel this way. Why don't you do the job?

CLIENT - But, but, I don't know how to do any of that.

ME - For R900, I can teach you everything you need to know to do the job. You can then use R800 to do the job, and you're still saving R1,100. Also, you will obtain all the knowledge and the experience for the next time you need to do this job.

CLIENT - Deal!

ME - Great! To start, you need to buy tools. You will need a chipping hammer, a nail gun, a laser, a drill, a mixer machine, PPE, and some other things.

CLIENT - But, I don't have any of those tools and I can't buy all that for just one job!

ME - Ok. I can rent you my tools for another R300. You're still saving R800.
