REDAKTEURS NOTA

Liewe maats,

Ek glo dat julle Kersfees baie lekker was en dan is julle gelukkig om nog met vakansie te wees.

Binnkort stof julle die skoolskoene af en pak 2024 by die horings. Julle moet die res van die vakansie geniet en die beste daarvan maak. Toemaar mamas julle kan amper asem haal.

Ons het 'n nuwe Ambassadeur glo sy gaan haar tyd by ons geniet..

Het jy al ons tydskrif afgelaai? Nog nie

Vra ma of pa om die tydskrif vir jou af te laai by www.topvibe.co.za of gaan na ons Facebook blad. Facebook: <https://www.facebook.com/Vibekids.britz> sodat jy niks mis nie.

Die Face of Top Vibe Kids Magazine is Tehane Grobler. Sy is te pragtig!

Pas julle mooi en soet wees

Tot volgende maand.

Charms

OUR AMBASSADORS

Celesté Bam

Haai daar, kiddo's en tieners! Ek is Celesté Bam, 'n 28-jarige dame wat my beste lewe in Sonlandpark leef. Bedags is ek die onbesonge held van ons familiebesigheid in Meyerton, en snags verander ek in die ultieme fliék- en reekskenner met 'n sy lekker springmielies.

Na hoërskool het ek verder gaan studeer. Ek het 'n algemene Bcomm graad, 'n Hoër Sertifikaat in Ondernemingsbestuur, en 'n Gevorderde Sertifikaat in Ondernemingsbestuur.

Nou dink jy dalk, "Sjoe, sy moet 'n genie wees met al daardie grade!" Wel, verrassing, verrassing — ek is 'n lewende bewys dat om 'n klomp sertifikate te hê, nie outomaties van jou 'n wandelende ensiklopedie maak nie. Ek glo vas dat ware intelligensie daarin lê om te weet wat die beste manier is om springmielies in die mikrogolf te maak sonder om dit te verbrand.

Wanneer ek nie die familie besigheid bestuur nie, kan jy my kry waar ek kwaliteit tyd saam my man en familie spandeer. Ek is daardie persoon wat altyd met 'n kamera gewapen is, gereed om elke ongemaklike gesinsoomblik of oulike honde-ontmoeting vas te vang. Van honde gepraat, ek het dalk nie my eie nie, maar my ma en skoonma se harige vriende is soos my persoonlike honde-aanhangersklub.

Nou, kom ons praat kos. My hart behoort aan hamburgers en skyfies, maar gooi 'n Poke Ball in, en ek is in die hemel. En, o griet, moenie vir my begin met koffie nie. Ek is die swart skaap onder "regte" koffieliefhebbers, ek drink koffie wat sommige koffieliefhebbers koffiegegeurde water sal noem — 'n halwe teelepel koffie, en een suiker en 'n hele klomp geluk vir my.

Ten spyte van my liefde vir sosialisering, is ek 'n introverte ekstrovert. Stel jou dit voor: Ek floreer in die geselskap van mense, maar na 'n rukkie het ek my alleentyd nodig soos plante wat water nodig het. Dit gaan alles oor balans, reg? Dis ek daai. Nou, kom ons word werklik. My kryptoniet? Ek kan nie nee sê nie. Ernstig, vra my vir hulp met enigiets, en ek is daar. Dit is 'n superkrag, seker, maar dit kom met die nuwe-effek om af en toe te veel van myself te gee. Maar ja, die lewe is 'n leerkurwe, en ek vaar saam, sê ja vir avonture en springmielies, en 'n baie swak koppie koffie.

Dis ek in 'n neutedop—**Celesté Bam**, jou vriendelike introverte ekstrovert in die buurt, gereed om oomblikke vas te vang!

Tot volgende maand

Dear friends,

It's 2024 and I'm back as your ambassador follow me on Facebook.

Summer vacation is a cherished time of the year, offering an opportunity for individuals and families to unwind and create lasting memories.

Whether it's exploring exotic destinations or lounging by the beach, summer vacations are the perfect escape from everyday routines.

From thrilling adventures like hiking through picturesque mountains and diving into crystal-clear waters to leisurely strolls in charming towns and indulging in local cuisines, each experience is unique and enriching.

This precious time allows us to recharge, reconnect with loved ones, and immerse ourselves in new cultures. Summer vacations are not just a break; they're an invitation to discover, rejuvenate, and embrace life fully.

Love Taygan

Colour in...

Gesprekke wat jou kind moet hoor....

Mamma's & Pappa's: Gesprekke wat jy moet toelaat vir jou kinders om te hoor!

My ouers self het altyd gesê: 'Kom laat julle gaan speel, die groot mense wil praat!' – Was dit altyd 'n goeie ding? Moet ouers nie dalk sekere gesprekke met mekaar hê met die wete die kinders luister nie?

Wel, ek dink so! Hier is so 4 gesprekke wat ek voel ouers moet hê terwyl hulle weet die kinders hoor hulle.

1. Laat hulle hoor hoe jy omverskoning vra:

“Piet ek is regtig jammer oor vanoggend, ek was ongeskik en kort af en dit was nie regverdig teenoor jou nie. Ek is lief vir jou”

Dit leer kinders om te herken wanneer hulle verkeerd was en om omverskoning te vra op 'n vroë ouderdom.

2. Laat hulle hoor hoe jy probleme op los:

“Ek het so gesukkel by die werk vandag! Ek kon nêrens my dagboek kry nie. Ek was so bekommerd en het orals gesoek. Ek het aanhou soek en soek. Toe vra ek om hulp en bel my Ma om te hoor of ek dit nie daar gelos het gisteraand nie en

en wraggies ek het toe! Ek was so verlig toe ek weet waar my dagboek was.”

Dit leer kinders om nie moed op te gee nie, asook om hulp te vra indien hulle nie die probleem self kan oplos nie.

3. Laat hulle hoor hoe jy positief oor hoor hulle praat:

“Bianka het vandag so mooi netbal gespeel, sy het geval en haar knieg het gebloei, maar sy het op gestaan, haar rompie reg geskuif en aangehou speel. Sy het so trots gelyk op haarself”

Dit leer kinders dat Mamma & Pappa nie net die goeie raak sien nie, maar ook die moeilike tye en dat hulle bewus is van

“Ek het so gesukkel by die werk vandag! Ek kon nêrens my dagboek kry nie. Ek was so bekommerd en het orals gesoek. Ek het aanhou soek en soek. Toe vra ek om hulp en bel my Ma om te hoor of ek dit nie daar gelos het gisteraand nie en wraggies ek het toe! Ek was so verlig toe ek weet waar my dagboek was.

Dit leer kinders dat Mamma & Pappa nie net die goeie raak sien nie, maar ook die moeilike tye en dat hulle bewus is van sekere situasies. Dit leer hulle ook dat hulle positief oor ander moet praat wat nie in hulle teenwoordigheid is nie.

4. Laat hulle hoor hoe jy jou emosies hanteer:

“Ek was so kwaad vandag. Daar by die 4 rigting stop voor die werk het 'n ander drywer die stop straat oor geslaan en amper in my in gery. Ek het skoon gekree: JY MOET KYK WAT DOEN JY! En to besef ek, ek is okay en nie ek of die kar of enige iemand anders het seer gekry nie. Ek haal toe 3 keer diep in en uit asem en ry toe werk toe”.

Dit leer kinders dat dit totaal en al normal is om kwaad, hartseer, bang ens te voel, maar dit leer hulle hoe jy as ouer die sekere emosie hanteer, en indien hulle hulself eendag in so sitause bevind, gaan hulle 10 teen 1 dieselfde doen as jy.

Wanneer ouers gaan toelaat dat kinders sekere gesprekke hoor, soos probleem oplossing, hoe om met ander te praat en hoe om jou emosies te hanteer dan leer jy dit vir hulle ook sonder dat jy weet.

Tehane you have a brighth modeling career, she would like to wish you all a blessed 2024 A head.

**Take care
Tehane**

Facts about your fish

What are 5 characteristics of fish?

General Characteristics of fish & features of fishes

Characteristic of fish

Ectothermic.
Lateral line.
Two chambered heart.
Gills used for respiration.
No external ears.
No eye lids.

What can fish do?

5 amazing facts that'll change the way you think about fish ...

Fish are excellent learners.

Fish can learn how to use tools, build nests and, in some cases, outperform primates with their learning abilities. Some fish have figured out impressive ways of obtaining food, like squirting jets of water from their mouth to capture insects above the surface and using rocks to open shells.

What are the 4 features of a fish?

All fish have backbones (vertebrae) for support and movement. 6. Suggest that students memorize the initials "WGFB" to assist them in remembering the four main traits of fish: "Water, Gills, Fins, Backbone."

Do fish sleep?

While fish do not sleep in the same way that land mammals sleep, most fish do rest. Research shows that fish may reduce their activity and metabolism while remaining alert to danger. Some fish float in place, some wedge themselves into a secure spot in the mud or coral, and some even locate a suitable nest.

What do fish eat?

Fish generally eat other fish but their diet can also consist of eggs, algae, plants, crustaceans, worms, mollusks, insects, insect larvae, amphibians, and plankton.

Do fish get thirsty?

Fish have gills that allow them to "breathe" oxygen dissolved in the water. Water enters the mouth, passes over the gills, and exits the body through a special opening. This keeps an adequate amount of water in their bodies and they don't feel thirsty.

Can fish see water?

If we can't see air can fish see water?
- Quora

No, fish can't see water just like you can't see air. It's their natural environment, so they don't have the ability to perceive it visually. However, fish can sense water through other means, like detecting vibrations and changes in pressure.

There are about 32,000 species of living fish in the world.

There are more fish in the world than mammals, amphibians, birds and reptiles combined!

Sharks are the largest fish.
Hagfish are the only known animal to have a skull, but no spine

Facts to have fun with!

Give your brain a workout and have some fun with these cool facts! Use this list for trivia on family game night or play a round on your next car trip and keep the whole crew entertained. Divide into teams or pick a favorite category to get started. Put on your thinking cap and enjoy!

Weather

The Empire State Building gets struck by lightning an average of 25 times a year.

In 1899, it was so cold that the Mississippi River froze.

Clouds can travel at more than 100 mph with the jet stream.

Hurricanes north of the Earth's equator spin counterclockwise.

Hurricanes south of the Earth's equator spin clockwise.

U.S. Presidents

Abraham Lincoln stood at 6 feet 4 inches making him one of the tallest U.S. presidents.

Bill Clinton has two Grammy Awards.

Three of the nation's five founding fathers — John Adams, Thomas Jefferson and James Monroe — died on July 4th (Adams and Jefferson in 1826 and Monroe in 1831).

The shortest-serving president was William Henry Harrison, who was the ninth president of the United States for 31 days in 1841.

Franklin D. Roosevelt is the only American president to have served more than two terms.

Disney.

Tiger roars were used for The Lion King as lions weren't loud enough.

Walt Disney World resort is about the same size as San Francisco.

Mickey Mouse was the first animated character to receive a star on the Hollywood Walk of Fame.

Pocahontas is the only Disney princess with a tattoo.

Disney's Beauty and the Beast was the first animated film in history to be nominated for Best Picture at the Academy Awards.

Food

Ears of corn generally have an even number of rows.

Although Froot Loops cereal signature "O's" come in many colors, they're all the same flavor.

Applesauce was the first food eaten in space.

The Caesar salad was born in Tijuana, Mexico.

One out of every four hazelnuts on the planet makes its way into a jar of Nutella

Guinness World Records

The "Guinness Book of World Records" was first published in 1955.

The Simpsons is the longest-running animated television show (based on episodes).

The world's largest wedding cake weighed 15,032 pounds.

Ashrita Furman is the person with the most Guinness World Records titles.

The largest gathering of people dressed as Superman was 867, achieved by a group in the U.K.

Whenever you need a few minutes of fun, wow your growing geniuses with these facts. Encourage kids to discover surprising facts on their own and share them with you!

Courtney McLaughlin is a freelance writer in Charlotte, N.C. She gratefully shares her life, home and heart with her daughter and their dog.

Facts to have fun with!

Colors

The colors of a rainbow always appear in the same order.

Blue, red, and yellow are primary colors — these colors plus white and black blend to make all other colors.

Red is the first color a baby can see.

White is the most popular car color.

Brown eyes are the most prevalent in the human population

Marine Animals

A blue whale's tongue is heavier than an elephant.

A crab's taste buds are on their feet.

Octopi have three hearts.

The American lobster can live to be 20 years old.

No two spot patterns on a whale shark are the same — they are as unique as fingerprints.

United States

The United States has the fourth-longest water system in the world.

Alaska is the state with the longest coastline.

The tallest monument in the United States is the Gateway Arch in St. Louis.

Kansas City, Missouri, has more fountains than any other city in the world besides Rome.

Tennessee and Missouri each share borders with eight states

The Human Body

AB negative is the rarest blood type.

On average, the human heart beats 100,000 times a day.

The strongest muscle in the body is the jaw.

Fingernails grow faster than toenails.

The average tongue is about three inches long

Fruits and Vegetables.

Strawberries and raspberries wear their seeds on the outside.

Potatoes were the first vegetable to be grown in space.

Bananas are technically herbs.

Tomatoes are the most eaten fruit in the world.

Apples are in the rose family.

Dinosaurs

Dinosaur fossils have been found on all seven continents.

The dinosaur with the longest name is *Micropachycephalosaurus*.

A *Nigersaurus* has an unusual skull containing as many as 500 slender teeth.

Presently, over 700 dinosaurs have been identified and named, however, scientists believe there are many more to be discovered.

Snakes, crocodiles and bees were just a few of the animals who lived alongside dinosaurs.

U.S. Monuments and Memorials

George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln are the four presidents on Mount Rushmore.

Both the width and the height of the Gateway Arch in St. Louis are 630 feet.

The Washington Monument is the tallest unreinforced stone masonry structure in the world.

President Theodore Roosevelt is responsible for giving The White House its name.

Elvis Presley was one of the largest private donors to the Pearl Harbor memorial

Sports

The longest tennis match lasted 11 hours and five minutes at Wimbledon in 2010.

Women first competed in the Olympic Games in 1900 in Paris.

Wrestling was the world's first sport.

Golf is the only sport to be played on the moon.

The FIFA World Cup (soccer) is one of the most viewed sporting events on television.
