MY DRUPPEL INK – MAART 2024

En hier betree ons alweer 'n nuwe seisoen....

HERFS

'N "SLEEPY SEASON" – Tussen somer en winter waar elkeen van ons onsself uitsorteer. Gaan ons te vroeg 'n koue winter betree of die laaste heerlike somer se son indrink... In plaas van om na hierdie fase as dor of "dull" te dink, kom ons Koester die warm geel, bruin, orange kleureprag.

En hier wil ek iets as persoon deel wat die terme "KLEUR" betref. Ek as persoon het "wit" "Liewe Jesus"-hare. Geen rooi pigmentte en geen kleur op nie. Dit kan baie "dull" wees en

Soms hoor jy opmerkings soos.... "Ek wens ek het sulke wit hare gehad. Die jonges betaal baie duur om hierdie skakering te kry, dan dink ek, ai en ek sou graag lang donker hare of n bos rooi hare wou gehad het..... Wat ons as mens soms miskyk, is dat WIT ook n KLEUR is.

Die besef dat sulke gedagtes dalk ontstaan hetanneer n mens n opmerking hoor, wat nie altyd op jou as persoon gemik was, maar ons twyfel so vining in onsself en besef nie dat wanneer jy 50+ is het jy n lewe gely en moet vir jouself n identiteit skep wat daarby pas. Die belangrikste is om onsself te aanvaar en voluit VROU te wees, 50+ is ook die HERFS SEISOEN van n lewe en moet net soveel gekoester word as die SOMER SEISOEN.

Moet jouself asseblief NOoit OOIT vergelyk met 'n ander dame en wens jy het eerder so gelyk, want die wens kan dalk omgekeerd wees en sy wil dalk soos jy lyk, of lag, of dans ensovoorts.

Kom ons tel mekaar op. Dit is hoekom Ons Skepper KLEUR geskep het anders was almal dieselfde en het dieselfde gelyk.

My raad aan myself maar ook aan elkeen daarbuite, "PUT ON YOUR BIG MAMA PANTIES, Kyk die lewe in die oe en.... WAFF, SMILE AND MOVE ON. WE GOT THIS.... 50+ IS TOPS

Groete tot my volgende DRUPPL INK

**Liefde Fredricka**

# Hoekom is 'n testament belangrik

'n Testament is 'n regsdokument wat 'n persoon se wense met betrekking tot die verspreiding van hul bates en besittings na hul dood uiteensit. Ten spyte van die belangrikheid daarvan, stel baie mense die opstel van 'n testament uit, met die veronderstelling dat dit iets is wat hulle later in hul lewe kan doen. Die skep van 'n testament is egter 'n kritieke stap in boedelbeplanning, en almal behoort een te hê, ongeag hul ouderdom, gesondheidstatus of finansiële situasie.

In die eerste plek verseker 'n testament dat jou bates ná jou dood volgens jou wense verdeel word. Sonder 'n testament sal die verspreiding van jou bates deur staatswetgewing bepaal word, wat dalk nie met jou wense ooreenstem nie. Dit kan lei tot geskille en onnodige stres vir jou geliefdes. Deur 'n testament te skep, het jy beheer oor wie jou bates ontvang en hoeveel hulle ontvang.

Tweedens laat 'n testament jou toe om 'n eksekuteur te benoem, die persoon wat verantwoordelik is vir die bestuur van jou boedel ná jou dood. Hierdie individu sal verseker dat jou bates volgens

enige uitstaande skuld en belasting betaal word. Die keuse van 'n verantwoordelike en betroubare eksekuteur is van kardinale belang om te verseker dat jou wense uitgevoer word soos jy beplan het.

Benewens bateverdeling en eksekuteurseleksie, kan 'n testament ook gebruik word om 'n voog vir enige minderjarige kinders te benoem. Dit verseker dat jou kinders versorg word deur iemand wat jy vertrou en dat daar in hul behoeftes voorsien word. As jy nie 'n voog in jou testament noem nie, sal dit aan 'n hof oorgelaat word om te besluit wie vir jou kinders sorg?

Dit is nie net mense met baie geld of bates wat 'n testament moet skep nie. Selfs al beskou jy jouself nie as iemand met 'n groot boedel nie, is 'n testament steeds belangrik. Dit kan verhoed dat familielede baklei oor sentimentele items of familie-erfstukke, en dit kan help om te verseker dat daar na jou dood na jou geliefdes omgesien word.

Nog 'n rede om 'n testament op te stel. Hierdie verifikasie vind plaas as deel van die regssproses na 'n persoon se afsterwe om te verseker dat hul bates behoorlik versprei word. Sonder 'n testament kan die regssproses 'n lang en duur proses wees. Met 'n testament in plek kan die verifikasieproses egter baie gladder verloop, en jou bates kan vinniger versprei word.

Die opstel van 'n testament mag dalk skrikwekkend lyk, maar dit is 'n kritieke stap in boedelbeplanning. As jy nie 'n testament het nie, oorweeg dit om met Eksekuteurs vir boedels en testamente te praat om die eerste stap te neem. Deur 'n testament op te stel, kan jy verseker dat jou wense na jou afsterwe uitgevoer word en dat daar na jou geliefdes omgesien word. Onthou, dit is nooit te vroeg om 'n testament op te stel nie, maar dit kan te laat we

# Sleeping habits for elderly

**W**hat does it mean when an elderly person starts sleeping a lot?

Sleeping more and more is a common feature of later-stage dementia. As the disease progresses, the damage to a person's brain becomes more extensive and they gradually become weaker and frailer over time.

Do elderly people sleep more at the end of life?

It's normal for a dying person to sleep more. They may generally become less interested in what is going on around them, and have less energy to take part, but this does not necessarily mean they're no longer hearing what you say to them.

At what age do you start feeling tired and old?

March 2023: What Age Do You Start Feeling Tired & Why This ...  
Well, this depends on a person's age, health, fitness level and lifestyle. Generally, the more years that pass, the more you'll value your beauty sleep, and its true senior fatigue is a real thing. However, most people start experiencing a decline in their energy

levels by the time they reach their mid-thirties.

What stage of dementia is not sleeping?

Sleep disturbance may affect up to 25% of people with mild to moderate dementia and 50% of people with severe dementia. Sleep disturbances tend to get worse as dementia progresses in severity.

What age is considered old for a woman?

According to the World Health Organization, aging is commonly measured by chronological age. As a convention, a person over age 65 is often referred to as elderly.

What to do when elderly sleep all day?

But if your loved one is sleeping a lot more than they should be, contact the doctor and find out what is going on. If your elderly loved one is sleeping all day, you will also need to make sure that they are still getting the personal hygiene, hydration, medications, and nutrition that they need.

# Exercise for old people?

What exercise is good for old people?

Adults aged 65 and older need: At least 150 minutes a week (for example, 30 minutes a day, 5 days a week) of moderate-intensity activity such as brisk walking. Or they need 75 minutes a week of vigorous-intensity activity such as hiking, jogging, or running. At least 2 days a week of activities that strengthen muscles.

How should a 70 year old start exercising?

How older adults can get started with exercise  
Begin your exercise program slowly with low-intensity exercises.  
Warm up before exercising and cool down afterward.  
Pay attention to your surroundings when exercising outdoors.  
Drink water before, during, and after your workout session, even if you don't feel thirsty.

What is the best activity for old people?
