OUR AMBASSADORS

CELESTÉ BAM

Haaai daar, klein aspatate! Ek het weer vir julle 'n storie geskryf oor Ollie en Elsa. Lekker lees oor die twee maaitjies!

Eens op 'n tyd, in 'n groot, groen woud, het Ollie die Olifant en Elsa die Haas gewoon. Hulle is beste vriende en het daarvan gehou om saam op avonture te gaan.

Op die sonnige Paasnaweek het Ollie en Elsa vroeg wakker geword met opgewondenheid wat in hul harte borrel. Dit was Paasfees, en hulle het geweet die Paashaas het kleurvolle eiers oral in die woud weggesteek vir almal om te vind. Hulle kon nie wag om aan die pret deel te neem nie!

"Kom ons gaan soek daai paaseiers, Ollie!" roep Elsa uit terwyl haar oortjies pen reg op staan.

"Jippie, Elsa! Ek weet ons sal die beste eiers in die hele woud kry," antwoord Ollie en klap sy groot oortjies saam.

So is hulle weg, draf deur die woud, opsoek na die versteekte paaseiers. Hulle het agter bome, onder bosse gekyk en selfs in hol stompe ingeloer, maar hulle kon geen eiers kry nie.

Net toe hulle wou begin opgee, hoor hulle 'n sagte geritsel in die bosse. Dit was die Paashaas!

"Hallo, Ollie! Hallo, Elsa! Soek julle twee paaseiers?" vra die Paashaas met 'n vonkel in sy oog.

"Ja, ons is! Maar ons kan niks kry nie," sê Ollie met 'n sug.

"Moenie bekommerd wees nie. Volg my, en ek sal jou lei na die mooiste en lekkerste paaseiers wat julle nog ooit gesien of geproe het!" het die Paashaas uitgeroep en vooruit gespring met 'n mandjie vol kleurvolle eiers.

Opgewonde het Ollie en Elsa die Paashaas dieper in die woud in gevolg totdat hulle by 'n pragtige oopte bereik wat gevul is met blomme van elke kleur. En daar, weggesteek tussen die blomme, was die mooiste Paaseiers.

"Paaseiers!" Roep Elsa uit met haar oë wat glinster.

"Hulle is pragtig!" roep Ollie uit, sy slurp reik uit om saggies aan die kleurvolle eiers te raak.

Met die hulp van die Paashaas het Ollie en Elsa die paaseiers bymekaargemaak en hul mandjies tot bo vol gevul. Hulle het in die sonskyn gelag en gespeel en dankbaar gevoel vir die wonderlike avontuur wat hulle gedeel het.

Toe die dag tot 'n einde gekom het, het Ollie en Elsa die Paashaas vaarwel geroep en hom bedank vir die lekker paaseiersoektog. Toe is hulle huis toe, hul harte vol vreugde en hul mandjies vol lekker paaseiers.

En so, met die ondergaande son wat 'n goue gloed oor die woud gooi, het Ollie en Elsa teruggekeer na hul huisies, gereed om Paasfees saam met mekaar en hul familie te vier, wetende dat vriendskap en avontuur hulle altyd na geluk sou lei.

Die einde.

Tot volgende maand, aspatate!

Celesté Bam

TAYGAN BOTHA

Dear readers

"April Fools' Day is a fun and lighthearted day celebrated on April 1st each year.

It's a time when people play pranks and jokes on each other. For teens looking to join in on the fun, there are plenty of harmless and creative pranks to try.

How about switching the salt and sugar in the kitchen? Or leaving a fake bug in someone's shoe? Just remember to keep it light-hearted and make sure everyone involved has a good laugh. April Fools' Day is all about spreading joy and laughter, so let your creativity shine and enjoy the playful spirit of the day!"

Love Taygan

Emmosionele intelligensie:

Wat is dit en hoekom is dit belangrik om vir kinders van vroeg af te leer?

CELESTÉ BAM

Hallo lieve lesers!

Ag, April is uiteindelik op ons! Die maand waar diegene wat slim genoeg is om vooruit te beplan, waarskynlik gebruik maak het van hul verlofdae en hulle uitgestrek het om perfek saam te val met die verskeidenheid openbare vakansiedae, wat 'n salige wegbreek van die daaglikse “grind” geskep het.

Maar moenie vrees nie, want selfs as jy jouself in die skoene van “Jan Tuisbly Se Karretjie” soos ek bevind, is daar nog baie opwinding om te hê!

Alhoewel sommige hierdie tyd dalk gebruik om lang-verwaarloosde take aan te pak, het ek 'n ander agenda in gedagte — een gevul met die aantrekkingskrag van “chill” op die rusbank en smul aan die nuutste aanbiedinge uit die wêreld van vermaak. O ja, my lieve lesers, April bring nuwe vrystellings wat eenvoudig te aanloklik is om te weerstaan.

Eerste op my “watch list” is die hoogs verwagte voortsetting van “American Horror Story: Delicate Part Two.” Met sy angswekkende spanning en boeiende storievertelling, sal dit my verseker op die punt van my stoel hou en elke draai en draai gretig verwag.

Maar wag, daar is meer! Nog 'n juweel wat hierdie maand sy debuut maak, is “Wish the Movie.” Intrige titel, is dit nie? Ek kan eenvoudig nie wag om die raaisels te ontrafel en te verwonder oor die magie wat hierdie film belooft om te lewer nie. Die film het wel laasjaar November sy opwagting in Cinemas gemaak, maar word vanaf die Maand op aanlyn platforms soos Disney+ en Netflix vrygestel.

Natuurlik, te midde van al die opwinding het ons 'n “local” program wat elke Sondag aand op is vanaf 24 Maart 2024. Die opwindende reis van die Springbokke in “Chasing The Sun 2” is hier julle! Dit is 'n verhaal van triomf en deursettingsvermoë wat nooit nalaat om die hart te verwarm nie.

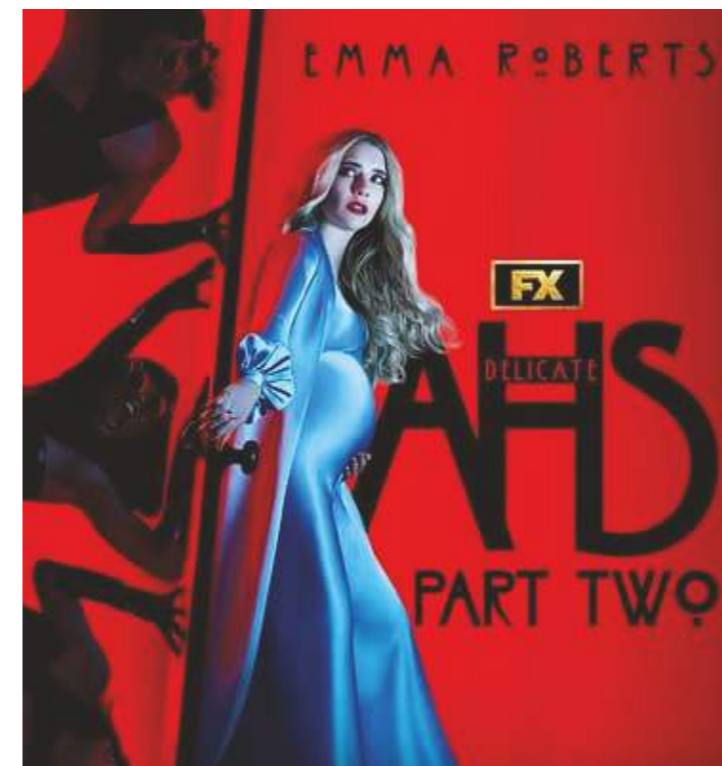

Nou, soveel as wat ek my gesellige aande in aanbid, kom daar 'n punt waar selfs ek die wêreld moet aandurf. En watter beter rede om dit te doen as die belofte van 'n heerlike pizza saam met 'n verfrissende “cocktail”? Alhoewel, met die hitte wat ons deesdae het, is 'n yskoffie dalk net die perfekte alternatief om af te koel en te herlaai.

Te midde van dit alles, laat ons nie die belangrikheid van rus vergeet nie. Terwyl ons koester in die vreugdes van April, laat ons die geleentheid aangryp om ons gedagtes, liggames en siele te verjong. Want rus is nie bloot 'n luukse nie; dit is 'n noodsaaklikheid - 'n kans om ons geeste te vul en verfris en herleef na vore te kom.

So hier is 'n wonderlike April, gevul met lag, ontspanning, en miskien 'n paar onverwagte avonture langs die pad. Tot volgende maand, my lieve lesers, bly fantasties!

Groete,

Celesté Bam

Lack of connection

Lack of Connection. One of the most common reasons why children don't want to play with friends is simply because they don't feel connected to them. This could be because they have different interests, values, or personalities. You don't want to become friends with everyone you meet, and neither

Is it normal for kids not to play with other kids?

Playing with others doesn't come naturally to all kids. Some need to learn how to ask others to play or how to start conversations. It's possible a child is being bullied, too, or that other kids are saying mean things. Learn about signs of bullying in grade school.

Why my kid is not interacting with other kids?

A lack of interest in peers can even out as the child ages. Some children are inherently shy or anxious, or they have limited experience with other kids and therefore can be less interested in peer interactions. If you are concerned about developmental delays or the potential for autism, talk to your child's doctor.

What happens if a child lacks social interaction?

These children experience depressed mood, social withdrawal, feelings of hopelessness, low self-esteem, and poor concentration, as well as appetite and sleep disturbances; hence, they are not particularly pleasant conferees.

How can I enhance my social skills?

Improve your emotional intelligence. Put yourself in their shoes. ...

Look inwards. ...

Practice effective communication skills. ...

Fake it 'till you make it. ...

Ask more than you speak. ...

Give compliments. ...

Be polite. ...

Use open body language and non-verbal communication.

What causes no social skills?

Early childhood experiences, such as limited socialization opportunities or traumatic events, can impact social development. Additionally, genetic predispositions can influence an individual's ability to acquire and apply social skills

GE-KOOKTE EIER

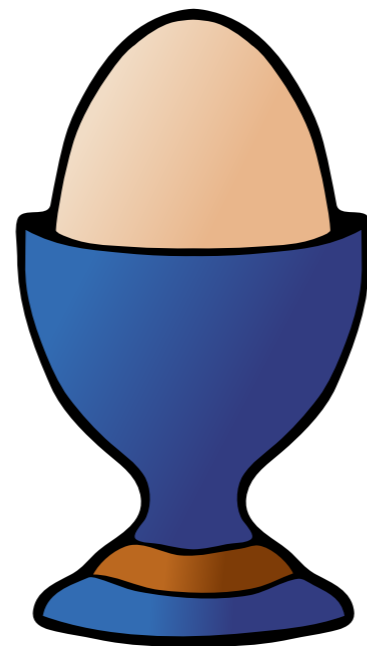

Maklik en vinnig om te maak.

Jy benodig.

Kastrol met water.
2 of 3 eiers

Gooi water in die kastrol. Kook die water. Plaas die eirs versigtig in die kook water, laat die eiers kook vir 5 min

Haal uit die water en laat afkoel
Jou eier is gereed om te eet plaas die eier in 'n kelkie dop af en eet.
Vra hulp sodat jy nie brand nie.

Lekker eet....

WhatsApp my met jou prentjie van jou die jellie wat jy gemaak net na 072 768 8582

Kom bak en brou saam met my!

Facts about a ladybug

One ladybug can eat up to 5,000 insects in its lifetime! Most ladybugs have oval, dome-shaped bodies with six short legs. Depending on the species, they can have spots, stripes, or no markings at all. Seven-spotted ladybugs are red or orange with three spots on each side and one in the middle.

What are 5 interesting facts about ladybugs?

Ladybugs are also known as lady beetles or ladybird beetles.

They are considered beneficial as they eat other plant-eating insects. Ladybugs are colorful so they can warn predators not to eat them! They are beetles, not bugs!

Winter doesn't bother them - they live through it!
Not all ladybugs look the same!

What's so great about ladybugs?
Ladybugs provide a natural way to control insect pests such as aphids with out using poisons that can contaminate the soil and eventually the water.

Ladybugs are heroes to plants. They help farmers grow healthy crops.

What are some facts about ladybugs in the garden?

Fun Facts About Ladybugs - Gill Garden Center + Landscape Co.
There are almost 400 different kinds of ladybugs in North America. Female ladybugs can eat as many as 75 aphids in one day, they also like to eat scale, mealybugs and spider mites. Ladybugs smell with their feet and antennae. A ladybug's jaws chew from side to side instead of up and down like our jaws.

What are some facts about ladybugs in the garden?

What is the life of a ladybug for kids?

Ladybug Life Cycle Lesson for Kids - Lesson | Study.com
Ladybugs transform through four stages in a process called metamorphosis, which is when a creature changes completely, moving through the stages of its life cycle.

The ladybug life cycle includes these stages: egg, larva, pupa, and adult. A ladybug looks very different in each of the stages.

What do ladybugs eat?

- Complete Guide to Ladybug Diet
You may be wondering "what do ladybugs eat?" Ladybugs feed on a wide variety of small insects and insect eggs.

Their favorite food is aphids, but they also eat small spiders, mealy bugs, and other insects and mites they can attack and subdue.
